

CAEDEN

*Linea No10 Product Guide
& Warranty*

A fully balanced acoustic profile, combined with wireless Bluetooth® technology lets you experience every complex layer of your music in a sleek, sophisticated design.

The Linea No10 Wireless On Ear Headphones feature wireless Bluetooth® 4.0 technology with a quick charge lithium-ion battery that offers 30 hours of music playback. An integrated microphone allows you to take calls while on the go, and the optional analog cable with built-in mic and remote lets you stay connected and listening to your favorite playlist even without the battery.

With premium materials hand-selected for comfort, durability, and design, the noise-isolating, Linea No10 is as refined as it is functional.

5. Linea No10 Product Guide & Warranty

Materialization & Comfort

Rotation

Extension

Tilt

The Linea No10 Wireless On Ear Headphones feature Caeden's signature structural metal hardware and components. Ultra soft vegan leather, molded ear cups and head-band cushioning provide superior tactility while its 3-axis pivot and low-compression grip allows for individualized comfort.

Charging Your Linea No10

Caeden's rechargeable lithium-ion polymer battery features a quick charge time of 3 hours with 30 hours of playback. For best performance, charge the Linea No10 fully before use.

BATTERY INDICATION

-  =  When battery is low, the LED flashes red and plays a low battery tone.
-  =  When charging, the LED is solid red
-  =  When charging is complete, the LED will turn blue.

To power your Linea No10 Wireless Headphones on and off, press and hold the center button for 2 seconds.

To charge, plug the micro-USB end of the charging cable into the charging port on the headphones and the standard USB end into your computer or any standard phone charging USB power supply.

Pairing Your Linea No10

The Linea No10 can remember up to 8 previously connected devices at one time.

1. To power on and pair the headphones for the first time press and hold the **CENTER** button for 2 seconds. The LED will flash alternately **RED** and **BLUE** to indicate the headset is in pairing mode.
2. Open the Bluetooth® settings on your smartphone, tablet, computer or other mobile device. Follow your device's pairing instructions and select the device named *Linea No10*.
3. The LED will blink blue twice to indicate that the Linea No10 is paired with your device.

4. To pair your Linea No10 with another device, start with the headset in power off mode. Hold the center button for 6 seconds. The **LED** will flash alternating red and blue to indicate that it is ready to pair.

Note: When more than 8 devices are paired, the oldest paired device will be automatically dropped when a new device is paired. You may completely clear the list of stored devices by pressing **VOLUME UP** and **VOLUME DOWN** buttons at the same time, while the power is on, until the LED flashes **RED** and **BLUE** twice.

The Linea No10 is:

☀️ ☀️ in pairing mode.

☀️ ×2 paired with your device.

Basic Functions

AUDIO PLAYBACK

Power On/Off

Press and hold the CENTER button for 2 seconds.

Volume Up/Down

Press the VOLUME UP or VOLUME DOWN buttons.

Play/Pause

When an audio track is playing, a short press of the CENTER button will pause the audio. A second short press will resume audio playback.

Next Track

Press and hold the VOLUME UP button during music playback to skip to the next track.

Rewind current track/Previous track

Press and hold the VOLUME DOWN button to rewind to the beginning of the current track. If within the first several seconds of playback of a track, it will skip to the previous track.

PHONE CALLS

 Answer an incoming call
Press and release the CENTER button.

 Rejecting an incoming call
Press and hold the CENTER button for 2 seconds or more.

 Ending a call
Press and release the CENTER button.

 Transfer call audio to phone
Quickly press and release the CENTER button twice.

 Place a call on hold
Press and hold the CENTER button for 2 seconds or more.

 Retrieve a call from hold
Press and release the CENTER button.

 Mute the microphone during a call
Quickly press and release the VOLUME DOWN button twice during a call. Press and release again to unmute the microphone.

Basic Functions in Analog Mode

Connecting the cable

Insert the end of the cable farthest from the microphone box into your phone, tablet, computer or mobile device. Insert the end of the cable closest to the microphone box to your headset.

Answer/End a call

Press the microphone button to answer, and press again to end the call.

Play/Pause music

Press the microphone button to start playback, and press again to end playback.

Audio Priority

The Linea No10 has the following list of audio routing priorities.

1. Incoming call vs. Bluetooth® or Analog Audio

An incoming call will always have priority over either streamed Bluetooth® audio or analog audio.

2. Analog audio vs. Bluetooth® Audio

When a cable is plugged into the analog audio port, the Bluetooth® audio stream will be muted.

Maintenance

Always keep product dry, and do not expose to extreme temperatures to avoid corrosion or deformation. The normal operating temperature is from 0 to 40°C/32 to 104°F.

Store your Linea No10 Headphones in a dry, dust-free environment.

Always keep the product away from extreme temperatures to avoid corrosion or deformation.

Clean the product with a soft, dry cloth.

Important Safety Information

Please read the Linea No10 Product Guide, Safety Information and Manufacturer Declarations carefully and completely before using this product.

Include this product guide when passing the product on to third parties.

Do not use an obviously defective product.

⚠ Protect your hearing from high volume levels. Permanent hearing damage may occur when headphones are used at high volume levels for long periods of time. Excessive sound pressure from earphones and headphones may also cause hearing loss. Please use carefully.

Keep the headphones at least 10 cm/3.94" from cardiac pacemakers or implanted defibrillators. The headphones contain magnets that generate a magnetic field, which could cause interference with cardiac pacemakers and implanted defibrillators.

Keep the product, accessories and packaging parts out of reach of children and pets to prevent accidents and choking hazards.

Do not use the product in situations that require special attention (e.g. in traffic or when performing skilled jobs).

Do not use the product near water and do not expose it to rain or moisture to reduce the risk of fire or electric shock.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction. If possible, please do not touch the antenna area on your device.

As described in this manual, your device can be used only in right location.

Please use your Caeden headphones responsibly.

Safety instructions for the Lithium-Polymer battery pack

⚠ WARNING

In extreme cases, abuse or misuse of the Lithium-Polymer battery pack can lead to:

· explosion · heat generation or · fire development · smoke or gas development.

Dispose of used batteries according to the instructions. Dispose of products with built-in rechargeable batteries at special collection points or return them to your electronics dealer.

Risk of explosion if battery is replaced by an incorrect type.

Charge products with built-in rechargeable batteries at ambient temperatures between 10°C and 40°C (+/-5°C)/50°F and 104°F (+/-41°F).

Switch battery-powered products off after use.

When not using the product for extended periods of time, charge its built-in rechargeable batteries regularly (about every 3 months).

Do not heat above 70°C/158°F, e.g. do not expose to sunlight or throw into fire.

Preventing Damage & Malfunctions

Do not expose your device to extreme temperatures lower than - 0°C and higher than + 40°C.

Use only attachments/accessories/spare parts supplied or recommended by Caeden.

Clean the product only with a soft, dry cloth.

Only use the product in environments where Bluetooth® wireless transmission is permitted.

Use the product with care and store it in a clean, dust-free environment.

Do not operate the product near heat sources.

Manufacturer Declarations

Intended Use & Liability

These wireless headphones are designed for use with mobile devices (e. g. mobile music players, smart-phones, tablets, laptop computers) that support wireless communication via Bluetooth® wireless technology. Compatible Bluetooth® devices include those that support the following profiles: Hands Free Profile (HFP), Headset Profile (HSP), Advanced Audio Distribution Profile (A2DP), and Audio/Video Remote Control Profile (AVRCP).

It is considered improper use when this product is used for any application not named in the associated instruction manuals and product guides.

Caeden does not accept liability for damage arising from abuse or misuse of this product and its attachments/accessories.

Disposal & Collection of Old Equipment

Electrical and electronic equipment, parts and batteries marked with the Waste Electrical and Electronic Equipment (WEEE) wheeled bin must not be disposed of with normal household waste. All Electrical and electronic equipment and batteries by use of the collection systems available in your country, you protect the environment from contamination. Your Caeden retailer will advise you of the correct way of disposal in your country. If a product is too small to be marked with the symbol, it will appear in the product documentation.

Industry
Canada

Industrie
Canada

This device complies with Part 15 of the FCC rules and RSS-210 if Industry Canada. Operation is subject to the following two conditions: 1) This device may not cause interference, and, and 2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

CE Regulatory Conformance Hereby, CE0700 declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Sound pressure safety: Use your headphones carefully. Excessive sound pressure from earphones or headphones may cause hearing loss.

Limited Warranty

Caeden products are warranted against defects in workmanship and materials for a period of one (1) year from the date of original retail purchase from an authorized Caeden dealer.* If a defect exists, Caeden at its option with either (1) repair the product at no charge using the new or reconditioned parts, (2) exchange the product with a functional equivalent product that is new or reconditioned, or (3) refund the original purchase price. We do not cover normal wear and tear, blown speakers, cut cords, bent audio jacks, scratches, stains, loss, or theft. This warranty excludes damages that come as a result of abuse, accident, modifications, or other causes that are not defects in the materials or workmanship of the product. Modification or customization of your Caeden product will void this warranty.

No other party is authorized to modify this limited warranty. Your dealer is responsible for any additional warranties.

This Warranty gives you specific legal rights, and you may have other rights that vary by state and jurisdiction. These rights shall not be affected by this limited warranty. This warranty cannot be transferred or assigned.

To obtain warranty service, contact Caeden using the contact information located on caeden.com. Proof of purchase is required to verify eligibility.

* *This warranty for residents of the EU is valid for a period of two years from the date of original purchase from an authorized dealer. For residents of Sweden, this warranty is valid for a period of three years from the date of original purchase from an authorized dealer.*
